

CGS-KIT150

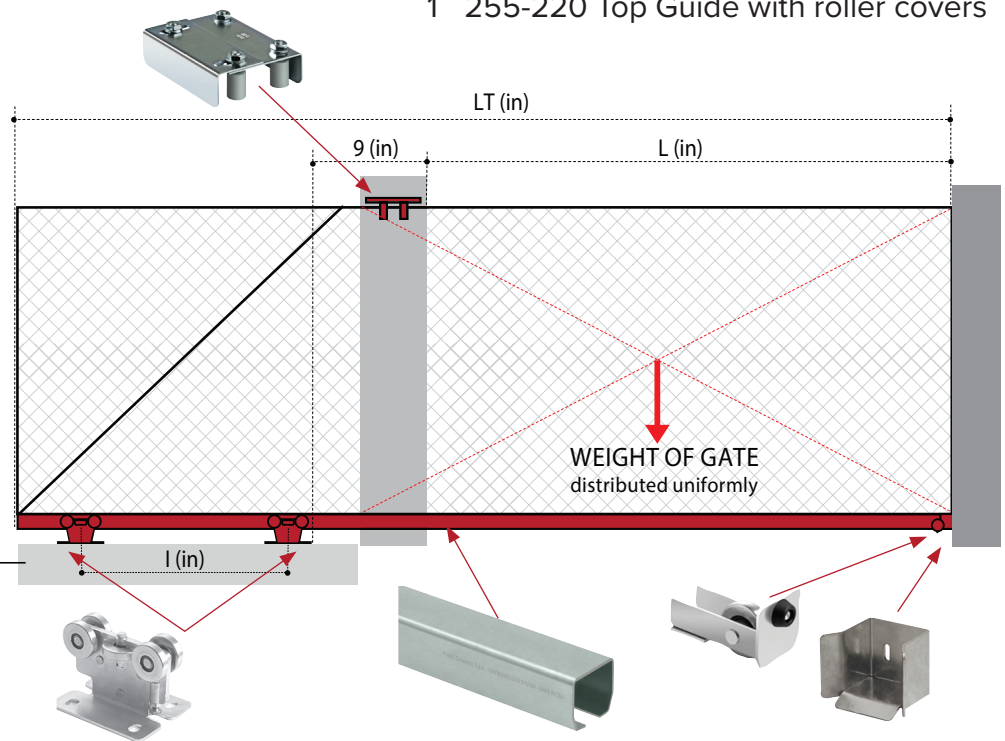

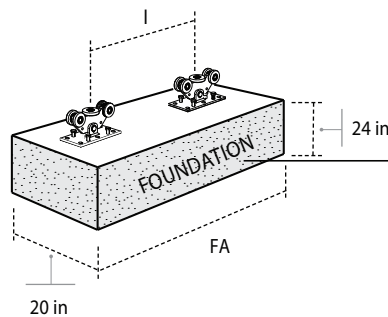

An economical cantilever gate hardware kit for lightweight gates up to 13FT in length.

Benefits

- Enclosed roller system helps comply with ASTM F2200 & UL325 safety standards
- Low maintenance
- Minimal visible hardware
- Reduces load on gate operator

Included in CGS-KIT150:

- 2 CGS-150.5M Galvanized Steel Carriages
- 1 CGS-245M-19.68FT Galvanized Steel Track
- 1 CGS-347M End wheel for track
- 1 CGS-346M Bottom end cup for track
- 1 255-220 Top Guide with roller covers
